What is an American Style (Framed) Cabinet?

What is an American Style (Framed) Cabinet?
 American cabinet manufacturers have traditionally built cabinets using a framed construction. In this type of cabinet construction, the rails and stiles form a 3/4 inch face "frame" at the front of the cabinet box. This frame resembles a flat picture frame attached to the door front, adding dimension to the door front. The cabinet doors are secured to the edge of the frame, which gives the cabinet strength and sturdiness.

American Style cabinets are made of solid wood doors face frames, and drawer faces with plywood construction cabinet boxes. The wood-dominant feel of the cabinets will bring your kitchen an elegant and timeless effect. To increase storage space efficiency, Our face-framed cabinet does not come with a center stile, allowing easier accessibility than other face-framed cabinets in the industry. Face framed cabinets offer both traditional and contemporary designs.

FRAMED CABINETS

- A. 3/4" solid wood faceframe
- B. 1/2" high grade plywood box with matching interior finish
- C. 4 1/2" plywood toe kick
- D. Solid wood + MDF core drawer panel
- E. Solid wood + MDF core door panel
- F. 5/8" rubberwood dovetailed drawer box
- G. Adjustable 3/4" plywood shelf
- H. Adjustable soft-close concealed hinge
- I. Undermounted soft-close drawer slides
- J. Reinforced Metal Corner Bracer

What is a European Style (Frameless) Cabinet?

Frameless cabinet construction is a European way of manufacturing cabinets that has become popular among customers seeking simple and more contemporary cabinet designs. Frameless cabinetry is sometimes called "full access cabinet" because it offers greater accessibility by eliminating the face frame. Instead, it relies on thicker box construction for stability. Only full overlay doors can be used, with hinges attached directly to the sides of the cabinet box.

Our European Style line of cabinets offers flat panel door styles with a variety of color selections from solid gloss colors to textured wood grain colors. We use high-quality 3/4" thick solid plywood for cabinet box construction to ensure maximum durability. European Style is great for achieving a more modern, simple yet high-end look in your kitchen and bathrooms.

FRAMELESS CABINETS

- A. Solid wood/ MDF and high-grade thermofoil Full Overlay Door and Drawer Panel
- B. Frameless 3/4" Solid plywood construction
- C. 4 1/2" High Toe Kick Panel
